WARNER'S SAFE PILLS

Are an immediate and active stimulus for a Torpid Liver, and cure Costiveness, Dyspepsia, Biliousness, Bilious Diarrhœa, Malaria, Fever and Ague, and should be used whenever the bowels do not operate freely and regularly
Their action is gentle than that of other pills, and at the same time more effective. No other pills require such small doses for thorough work.
They have been used with great success in the English army where Malaria prevails, and are the best antidote for all kinds of Malarial Poison.
People who live or work in unhealthy places, and those of sedentary habits, should use them. Taken at bed-time, they promote rest and bring on natural evacuations the next forenoon.
They do not act directly on the bowels, but indirectly through the liver, by causing it to secrete the necessary bile, and should always be preferred to pills which operate as a violent cathartic, causing nausea and weakness.
Price, 25 cents a Box.

WARNER'S SAFE NERVINE

Quickly gives Rest and Sleep to the suffering, cures Headache and Neuralgia, prevents Epileptic Fits, and relieves Nervous Prostration brought on by excessive drink, over-work, mental shocks and other causes.
Powerful as it is to stop pain and soothe disturbed nerves, it never injures the system, whether taken in small or large doses.
It often arrests the progress of serious diseases by the recuperative rest which it produces, and is beneficial in all painful diseases.
Warner's Safe Nervine is the improved discovery of the most skillful nerve doctor of the world, and an inestimable blessing to all who suffer. Bottles of two sizes: prices, 50 cts. and $1.00.

Warner's Safe Kidney and Liver Cure, Safe Diabetes Cure, Safe Bitters and Safe Tonic are also superior remedies, unequalled in their respective fields of disease.

TO THE SHAREHOLDERS OF THE
QUESNELLE QUARTZ MINING COMPANY (LIMITED.)

THE DIRECTORS OF THE QUESNELLE QUARTZ Mining Company at the end of their term of office submit the following report for your consideration:—
During the mining season of 1879 a shaft was sunk on No. 2 location to a depth of 114 feet from the surface, the size of the shaft being 7 ft. by 3½ ft. in the clear. The shaft runs through rock which had to be blasted the entire distance; it has been thoroughly timbered throughout and is secure and commodious.
At 100 ft. from the surface a cross-drive 5 ft. by 3½ ft. in the clear was run. At a distance of 33 ft. from the shaft it cut into a body of quartz, on which a level was run 20 ft. The quartz extracted was found to be much broken and mixed with bedrock, doubtless caused by the movement of the country rock which has apparently broken and disintegrated the vein at that level.
A 5-stamp quartz mill has been purchased and erected, the cost of which was greatly enhanced by the unavoidable expense and difficulty attached to moving heavy machinery for a distance of 30 miles through a rough country where no roads or trails existed.
Forty tons of quartz were worked in the mill producing 103 ounces of bullion, which sold for $1256 67.
Good and substantial buildings have been erected over all the works.
The directors are of opinion that it is advisable to sink the shaft at least 200 ft. deeper before running any cross-drifts. To accomplish this it will be necessary to place steam power on the mine; they therefore recommend that the funds of the Company be first devoted to that purpose and that arrangements be made for the purchase of engine and pumps of the requisite capacity and to place them on the ground with as little delay as possible.
The improvements made by the Dominion Government in the Cottonwood Canon will enable boats capable of carrying machinery to reach a point within 9 miles of the mine; a road thence to the mine could be constructed, which would enable machinery to be placed on the ground at a reasonable cost.
The accounts of the Company have been carefully audited; an abstract thereof is herewith given:

From the foregoing it will be seen that there are debts or liabilities owing by the company.
The property of the company is estimated at $10,346 46, a value that would not exceed the cost of replacing it under favorable circumstances.
Since work was suspended last fall everything at the mine has been under the charge of a caretaker at an expense of $75, the only other expense incurred during the last winter being those necessary for advertising, etc, the secretary having performed the duties of his office without remuneration. Neither the auditors nor directors are or were under pay at any time.

THE SUICIDE BY STARVING AT COWICHAN.

We are in receipt of another letter bearing upon this extraordinary case. We hesitate to publish all the information that reaches us respecting it. The reports that come to hand are of a very damaging character, indeed; and we really think that the entire responsibility of bringing the matter to light should not be cast on the press. If the statements publicly and privately made are not true then great injustice has been done to a reverend gentleman and several other residents of Cowichan, and their falsity should be made manifest. If, on the other hand, they are true, the property alleged to have been conveyed and given away by the dying man should be restored. Something more than a simple denial is required to remove the impression that has taken hold of people's minds in connection with this grave matter.

DEFEAT OF THE LOAN BYLAW.

We announce the defeat of $70,000 loan bylaw with a feeling of regret. The measure had for its object the improvement of the city water works and, had it been carried, would have afforded employment to many mechanics and laborers for some time without adding to the burthens of the taxpayer. Nearly everybody acknowledged that the scheme was good, but the unprecedented dullness and the disinclination of ratepayers to expend more money at present on the water works carried the rejection. The scheme will keep. If not this, the next Council will pass it or something similar. The quality of the water requires to be improved and the supply increased. The franchise was confined to the payers of the real estate tax and the workingmen or small dealers had no voice in the decision.

STATES POLITICS.

The nomination of Mr. GARFIELD appears to afford the republicans lively satisfaction, and unless the democrats can decide upon a candidate who is sufficiently strong to carry the State of New York and all the Southern States GARFIELD will be elected. Mr. SEYMOUR of New York is believed to be the only man on the democratic side for the emergency. Mr. TILDEN, who is apparently out of the race, in point of ability and respectability cannot be compared with SEYMOUR, who is one of the most upright men in the country and has discharged the duties of many positions with the strictest integrity. Should he receive the nomination at Cincinnati the contest will be keen and the result more than doubtful. No other candidate could hope to carry a single northern State.

LOCAL OPTION IN ENGLAND.

Sir WILFRED LAWSON has secured a favorable vote in the House of Commons on his local option bill, which is intended to place in the hands of the people of each locality the power to regulate the granting of liquor licenses or to deny them altogether. Sir WILFRED has made a gallant fight for principle and has quite converted the Commons to his views. He may not meet with success in the Lords; but the matter is one that is gaining adherents rapidly and will ultimately become a law.

The Self-starving Case at Cowichan.

MAPLE BAY, June 12th, 1880.

TO THE EDITOR OF THE COLONIST—: Sir,—Having only just returned from Nanaimo and Comox I did not open my *Colonist* till this morning. Consequently, I did not see the "strange story" which reflects so unfavorably on Cowichanites. It is not true that no effort was made to induce the man to eat or drink; but it is true that no effort was made behind *that* to save the man. After having been myself to see him I wrote a letter to Mr. Fry, government agent, asking him if he was going to allow a fellow-being to commit suicide in our midst, pointing out to him that an attempt was being so made. Mr. Fry did not give any written answer, but told me he had written to the government on the matter and expected an answer that day, which answer he showed me when it came, making the remark that with such an answer as that he could not act and that *he would not*. I made the remark that he could act on the letter I had written him, *i.e.*, that he could have the man arrested for an attempt at suicide. He said he would not; that the man was as sane as any man in the settlement except on that *one point*, and that he would not lay one cent out (of his own pocket) to save him except he was ordered by the government. I told him that it was pretty hard to see a man starving himself to death in the midst of plenty just because he had been told to go and sell all that he had and give to the poor by * * * * I really cannot see that anyone is to blame in the matter except the J. P.'s. If a man attempts suicide he is invariably taken before the nearest magistrate and committed for safe keeping. You cannot drag a man out of his house and send him to a lunatic asylum before he has been pronounced insane, and as we have no doctors up here I thought it best to send him where the doctors are; but I as am considered insane my advice was not taken. Had it been (when given) the man might have been saved and he might still have been bringing his butter and eggs to where stands something to his credit.

W. BEAUMONT.

P. S.—* * * * aforesaid boasts hat he knows six more persons in the settlement who are insane; but that this poor man was not like the rest, and was no more insane than he is. The two men owning the adjoining farms are both insane but, will not give up their farms. W. B.

MONTREAL, June 7.—The $15,000 robbery, which has caused so much excitement of late in one way or another, appears now in a new and original light. Mr. McNamee's secretary, Turner, from whom the money was stolen, and who is the chief witness against the persons since arrested, has most unexpectedly disappeared. In the Court of Special Sessions this morning at ten o'clock he answered his name, and he is said to have been seen by a number of persons, but shortly afterwards when wanted he could not be found. After waiting for a while the Court adjourned until 2 p. m. Mr. Turner was still absent, however, at that hour, and a bench warrant was issued for his arrest. Counsel for the defendants in the case, the present prisoners, then moved for the discharge of the jury. The application was resisted by Mr. Mousseau for the Crown, and the question was argued at length, not being decided until late in the afternoon. The strange turn in the affair is causing much comment, and various conjectures are being hazarded as to the cause of Turner's disappearance. The jury were locked up for the night.

The Duke of Beaufort and Sir John Reid, Bart., arrived this evening from New York.

The Heckler-McNamee libel suit has again been put over until Monday. Heckler charges Mr. McNamee with being author or inspirator of an article published in an Ottawa paper which accused Heckler of being concerned in the sudden and mysterious disappearance of his partner, Mr. John Kelly, from Montreal, and also with having swindled Kelly's widow out of her money. This Mr. McNamee denies and holds that Mr. Nagle, editor of the *Herald*, got his information from conversations had with several contractors at the Russell House, of which group McNamee was one. Mr. Nagle has been examined, and swears that Mr. McNamee had control of the newspaper at the time of the publication of the article, and that he read the proof of it before it appeared in the paper. Thus the matter rests. The disappearance of Mr. Kelly made quite a sensation in Montreal at the time, and whether he was murdered or decoyed from the country has never transpired—so far at least as his Montreal friends are aware.

The report of the Board of Directors of the Bank of Montreal, which will be found elsewhere, shows that that institution is maintaining its old pre-eminence. The net profits of the year were $1,050,000. From this a five per cent. dividend was paid in December, and a four per cent. dividend on the 1st inst., and $72,000 carried to profit and loss account. The directors give satisfactory reasons for reducing the dividend. They believe in keeping up a large reserve—it now stands at $5,000,000—and for this reason preferred reducing the dividend to encroaching upon the rest.

The Governor-General has ordered the discharge of the Atalaya's cargo.

ST. THOMAS, Ont., June 14th.—The imported thoroughbred, John D. Ryskick, valued at $6000, has been burned to death.

George Eliot and Her Young Husband.

LONDON, May 14, 1880.—The marriage of George Eliot has produced an effect which once might have given Carlyle a new illustration of his theory that genius is necessarily unconscious of itself and its powers. Had she been aware of the niche she has occupied in the holy of holies, the heart of the young, the heroic, the dreamers; had she known what it had cost these to raise her, and to defend her, and how, having lived down all the sneers of society, she had become a person unique, ideal, dwelling apart in the finest imaginations as one who for love gave all, defied the world, and saved the sanctuary of her heart; had she known all this she could hardly have subjected the world to this cruel disenchantment without some motive powerful enough to be stated by her personal friends. A score of pathetic myths have invested her ever since Mr. Lewes' death; so tremendous a sacrifice as she had apparently made was explained by some as the maintenance of a sociological principle, but for the majority it measured the surpassing depth of her love. On the very morning of her marriage any hundred of her devotees would have sworn that she was sitting in her lonely study, gazing through tears on the image of him for whom she opposed the world, another "Mariana at the moated grange." Any of them would have assured you that the great author was to be veiled for the rest of her life, to write no more, but only to edit her dead lover's papers. Suddenly this imaginary George Eliot falls to the prosaic ground—a shattered idol! Mr. Cross, whom she has married, is said to be about thirty-eight years of age; George Eliot is about sixty. A few years ago he made the acquaintance of Mr. Lewes and Miss Evans. Their pleasant country-house, Whitley, was near Weybridge, where Mr. Cross resided. Mr. Cross is a city man, a sort of banker, but not remarkable for wealth; he has a house at Chelsea, where the pair will probably reside, so that "The Priory" will be left as the monument of its rich associations.

Those who know Mr. Cross say that he is a handsome, attractive and intelligent man. He is well and favorably known, both in London and New York as a business man. He has no pretentions to literary or scholarly abilities. He has for some time now attended to the finances of the lady he has married. His friends, equally with hers, appear to have been taken by surprise. The marriage was attended by the group who generally look in when a marriage is going on in St. George's Church. Immediately afterward the pair went on a tour on the Continent, where they are expected to remain several months. —*Corr. Cincinnati Commercial.*

Nanaimo Municipal Affairs.

NANAIMO, June 18, 1880.

TO THE EDITOR OF THE COLONIST,—SIR:—Our city paper having all its spare columns for to-morrow's issue filled up with reading matter, and not wishing to postpone the publication of enclosed communication, you will greatly oblige me by inserting it in your next issue

How our Worthy(?) City Fathers, Members of our Municipal Council, manage our interests and Squander our Money:

This honorable body have lavishly spent over $1800, collected taxes and mortgaged the balance of our small yearly revenue with a debt of about $2500, or may be more, has lately—under pretence of economy, but in fact to satisfy certain spite, selfishness and clique—discharged the municipal employees and at the same time advertised for tenders to occupy the dismissed situations. In consequence, at the last municipal meeting, this week

Mich. Manson was appointed clerk and collector at $25 monthly, and

James Pargerter was engaged as constable, night-watchman and lamplighter at a monthly salary of $25.

Those appointments Mr. Planta—as leader of that distinguished triumvirate, Planta, Hirst and Brinn—other members of the City Council being impotent, tame and peaceable publicans, obliged to bow to the wheel wherever it turns—I say, those appointments Mr. Planta announces as being a saving on municipal revenue of $900, while I contest it and shall hereby prove to be the contrary.

The first question before referring to difference of economy and saving ought to be, is the newly elected clerk and collector a fit person for such a situation? Without criticising his capacity or scholarship—whereof we know nothing—we very much doubt his experience in the occupation for which he has been engaged. So much more as we know, have proved and shall prove that the Councillors and their selected Financial Committee have no idea, not the first idea, of duties expected of financial committees representing public interests.

Having had a peep at the audit of municipal accounts for 1879, we find that $650 collected, due and paid over to the Provincial Government, were entered as a revenue and announced as an increase on previous year's revenue; further, that in the statement of assets and liabilities an item of about $400 for lamps was entirely omitted in the assets; further, having had, as above said, an improvised peep into the Corporation's ledger for 1879, I can positively state and confirm that while the audit, with the above exception, may be correct, no balance has been drawn in the Corporation ledger, which is a great neglect and imperfection in auditing. Such errors and omissions ought to have been known to the present Finance Committee; but no! either it did not know or did not care a fig, but returned the same man to audit the Corporation accounts up to date at a salary of $10.

At a late Council meeting this auditor handed in a communication stating that no reliable audit could be made because no taxation rolls were to be found!! What is the duty of a finance committee if not to look out and insist that proper books be kept? And cannot an auditor give a correct statement conscientiously prepared without rolls, and cannot old collections be used as rolls? I admit that such investigation and audit cannot be done for $10; but I have repeatedly hinted at such an occurrence, and as we have been taxed for five or six years under municipal ordinances proper assessment and taxation rolls, duly countersigned, ought to have been drawn and are certainly due to taxpayers before they pay any municipal taxes.

In respect of abovesaid predicted economy of $600, how can we expect a young man, who has never had any experience in an occupation he is going to undertake, to come up to our expectations in the discharge of a duty of which his superiors have but little or no idea? Instead of collecting $3500 or $4000 taxes yet due he will not arrive at half or three-fourths of said collectable taxes; and instead of an economy of $600 we will be behind $600, or may be more, besides what we may have to pay in court proceedings if the discharged employees should sue for a full year's salary.

Verily, the Councillors, when soliciting the honorable position to represent our interests in the Municipal Council, have deceived us; besides being without capacity for the position, they are acting selfishly and in the interests of a certain clique.

Before I close this exposé of municipal incapacity I shall further observe that I consider the privilege of using an anonymous name or *nom de plume* when treating questions of philosophy or science, or even matters for the public benefit, a modest pretence to hear others' opinion on such subjects; but when *noms de plume* are used for mean, sarcastic personalities it is a low, contemptible cowardice whereof no notice ought to be taken. While adhering to this opinion I shall always be happy to give satisfaction to any objections properly directed.

The Vote on the $70,000 Loan.

The vote taken yesterday as to whether the sum of $70,000 should be borrowed on the credit of the city resulted in a most decided negative. The citizens entitled to vote were male or female adults who had been rated and assessed for real estate on the Real Estate Roll for 1880 and who had paid, ten days before voting, all the municipal rates and taxes due under the Revenue By-law, 1879. The polls closed at 5 p.m., shortly after which hour a special meeting of the City Council was held and the vote having been scrutinized was announced to be as follows:

	Yea	Nay
Yates Street Ward	34	59
Johnson Street Ward	33	115
James Bay Ward	49	82
Total	116	256

A majority, therefore, of 140 votes was cast against the loan.

After the result had been announced his Worship the Mayor said that he regretted the apathy that had shown on the question and he was sorry that the loan had not been sanctioned. Out of a total of 850 real estate owners who were entitled to vote only 372 had availed themselves of the privilege. He had for some time past been fully convinced that the loan would be defeated and one of the principal reasons for its defeat was the fact that voters were in doubt as to who would be entrusted with the expenditure of the money. It was assumed that the next Council would be elected by road tax payers, but he believed if the real estate owners would take a sufficient interest in the matter they would be able to return men who would expend the corporation funds wisely. He had felt that it was the duty of the Council to submit some such proposition as that which had just been defeated to the public.

The record of the vote having been adopted the Council adjourned.

THE Heyman, Marriner-Campbell concert combination, after fulfilling a very successful but brief engagement in this city, left yesterday morning for Portland where, on Saturday next, they will give an entertainment for the benefit of the Ladies' Relief Society. The company are so favorably impressed with this city and the reception accorded them, that it is highly probable they will return 'ere long.

ESQUIMALT REGATTA.—Last evening an adjourned meeting was held at the schoolroom, Esquimalt, for making the necessary arrangements for a regatta on Coronation Day, June 28th. The meeting was well attended, and Capt. Markham has kindly promised to give his hearty co-operation. The following gentlemen were appointed to receive subscriptions: Wm. Young, John Harman, Lewis Wilton and A. Keast.

THERE was a lively scene in the Montreal Court of Special Sessions on the 8th inst. when the Crown prosecutor charged F. B. McNamee, the contractor for the Esquimalt drydock, with collusion in the sudden disappearance of his witness. The service of the police was required to preserve order, and at one time a riot was imminent. Mr. McNamee was subsequently committed to gaol for ten days for contempt of court.

ANGLICAN MISSION.—Right rev. Bishop Ridley came down by the Otter. He has travelled extensively along the coast since leaving here, visiting the Indian tribes and making arrangements for the establishment of missions amongst them. At Alert Bay a schoolhouse and dwellinghouse are in course of construction.

FROM PUGET SOUND.—The steamer Geo. E. Starr arrived here at 2 p.m. yesterday from Port Townsend with the overland mails, 30 tons of miscellaneous freight and some 25 passengers.

THE PIONEER EXCURSION.—The caterer for the Pioneer Society's excursion to Saanich Landing on Saturday next is Mr. J. Morais.

TREASURE SHIPMENT PER IDAHO.—Bank British Columbia, $13,205; Bank B. N. America, $9,471; Garesché, Green & Co., $7,565. Total, $20,141.

DUE.—The mail steamship Dakota is due at Esquimalt from San Francisco this afternoon.

Municipal Police Court.

[Before Hon. A. E. Pemberton.]

MONDAY, June 21st.

Alfred Raper, arrested on a warrant and charged having at Nanaimo embezzled certain goods and monies to the value of $2000 and upwards, the property of A. B. Gray.

The hearing of this case was adjourned until Thursday at noon, defendant being admitted to bail in the sum of $3000 and two sureties of $1500 each.

Auguste Sherrer, charged with assaulting constable Black with intent to do him grievous bodily harm.

Constable Black deposed that between 12 and 1 o'clock in the morning whilst he was on duty he heard cries of "help" coming from the direction of the direction of the corner of Douglas and View streets; he proceeded to that locality and saw two men running towards Fort street; he gave chase and overtook one who had fallen in the street; the man was the prisoner's brother; he took him back to the saloon and shortly afterwards the prisoner came back; after entering the prisoner rushed at Taylor, the proprietor of the saloon and taking hold of him by the throat knocked his head against a brick wall saying "you ——— I'll finish you." Witness interfered; and by using his baton freely succeeded in taking the prisoner away from Taylor; after taking him outside the prisoner became very violent and kicked the witness severely in various parts of the body; whilst the prisoner was assaulting the witness the brother who had been in the saloon came out and also commenced kicking the witness; officer O'Connor then came along and with his assistance the prisoner was taken to gaol.

Officer O'Connor testified that between 12 and 1 o'clock in the morning he was on duty and heard shouting near the corner of View and Douglas streets; he proceeded to that locality and on reaching Taylor's saloon saw the prisoner without a hat; he said he was going in to get his hat and immediately after he went in witness heard a disturbance inside; several men came rushing out—the prisoner and Constable Black together; the prisoner had Black by the throat and kicked him in the legs and groin and said "You ——— ——— I'll choke you;" witness seized hold of him and told him to beware, that he was striking a constable; witness also told him that he was a police officer and arrested him; prisoner kicked Black again after that; took the prisoner to the gaol.

To the Supt. of Police—The prisoner was attempting to kick Black in a vital part and had it not been for me he would have disabled him for life.

Thos. Taylor, proprietor of the saloon, testified that the prisoner and his brother came into the saloon at about midnight and called for drinks for which the prisoner put down a $10 bill; witness said he had no change and the prisoner picked up the note and put in his pocket again; subsequently prisoner accused witness of having taken the note; words ensued and prisoner knocked witness down, attempted to choke him and put his hand in his pocket several times; a cry of police was then raised and the prisoner and his brother ran away, constable Black being in pursuit; the prisoner afterwards returned and assaulted witness again when Black interfered; witness saw the prisoner kick Black a number of times.

Ignace Sherrer, brother of the prisoner, was then tried on a charge of assaulting constable Black whilst in the execution of his duty.

Both the prisoners were committed for trial, the evidence in the latter case being almost similar to that in the former.

On a charge of assaulting Taylor the prisoner Auguste Sherrer was fined $20.

From the Northwest Coast.

The H. B. Co.'s steamer Otter, Capt. Gardiner, arrived early on Sunday morning from the northwest coast, Queen Charlotte Islands and the east coast of Vancouver Island. She brought 20 passengers and a quantity of fish, furs and oils and ten tons of marble from the Beaver Cove quarry. A large and beautiful piece of marble for the Sir James Douglas memorial column will be brought down next trip. Salmon of the largest and finest varieties are being taken at Inverness and a great many cases will be put up this season. Amongst the passengers are Bishop Ridley, Captain Brunidge and Mr. J. Hunter.

ACCIDENT.—Yesterday afternoon whilst the steamship Hylton Castle was discharging cargo at the Hudson Bay Co.'s wharf the slings struck the second steward and knocked him down the hatch-way. The unfortunate man sustained a severe fracture to his skull and was conveyed to the Royal Hospital where he was attended to by Drs. Helmcken and Matthews.

THE WEEKLY COLONIST, containing the very latest telegraphic news from all parts of the word and full particulars of matters of local interest, is ready for the mails this morning. For sale at the office of publication and at the principal book stores.

SURVEY OF THE NORTHERN HARBORS.—Capt. Brunidge, who has spent more than a year examining the harbors on the northern coast under instructions from the Ottawa government, speaks of the harbor of Port Simpson as one of the best in the world.

F. & A. M.—The following elected officers of the Grand Lodge of F. & A. M. were installed yesterday: E. Harrison, G.M.; C. M. Chambers, D. G. M.; H. Brown, S. G. W.; E. Harrison, jr., J. G. W.; M.W. Waitt, treasurer; E.C. Baker, secretary; W. F. O'Connor, tyler.

CONDOLENCE.—Resolutions of condolence with Mr. W. Carter upon the loss of his wife, Mrs. Maria Carter, were unanimously passed at the last meeting of the Hope of the Navy Lodge, letter "N."

VICTORIA SCHOOLS.—The examination of the pupils attending the public schools will be held: On Wednesday, the high school; on Thursday, the girls' school; on Friday, the boys' school.

ROBBERY.—The *Express* of Steilacoom records the robbery of $2560 from Mrs. Louise Goodtime, a milliner, by her nephew, who was followed and arrested and $2400 of the stolen money found in his pockets.

BEAVER COVE MARBLE CO.—The beautiful specimens of marble brought by the Otter from Beaver Cove are exciting much attention. The quality is pronounced first-class—equal to the best Italian.

MR. J. P. GOODHUE left here yesterday morning to attend the annual meeting of the Grand Lodge of the A. O. U. W. now in session at Astoria.

THE captain and officers of the Japanese man-of-war will entertain a number of citizens on board to-day.

Steamship Arrivals.

The steamship Hylton Castle, Capt. Bauman, 4 days from San Francisco, arrived at 12 o'clock Sunday night. She brought 95 tons of freight for Victoria consignees, 150 tons railway freight for Yale and a few tons for Nanaimo. The captain reports heavy N. W. winds the entire passage. The Hylton Castle left port last evening for New Westminster and will return to San Francisco *via* Departure Bay and Victoria with coal.

The steamship Victoria, Capt. Hayward, arrived here at noon yesterday from San Francisco having on board 165 tons of freight and 70 passengers for this place and 140 tons for New Westminster. She left San Francisco at half-past 2 o'clock on Thursday afternoon and when off Cape Blanco passed the ship Challenger and the steamer Empire bound down. She leaves for New Westminster at half-past 2 o'clock this morning.

CHEERING.—The revenue of Canada from all sources for May, 1880, exceeds by $714,000 the revenue for the corresponding month of 1879.

SANS COMMISSION.

Interesting Correspondence.

The Provincial Secretary to Mr. Justice Crease (and each of the other judges with triplicate commissions).

VICTORIA, B. C., March 9th, 1880.

NOTE.—This and the commission were actually delivered on the 8th March to the Chief Justice, I and Gray J. absent. —HENRY P. P. CREASE.

SIR—I am instructed by the Hon. the Provincial Secretary to forward you the enclosed commissions signed by His Honor the Lieutenant-Governor this day.

I have the honor to be, sir,
Your obedient servant,
T. ELWYN,
Dept. Provincial Secretary.

The Hon. Mr. Justice Crease.

A

The Chief Justice to Provincial Secretary.

MARCH 9th, 1880.

SIR—I have to acknowledge the receipt of your letter of this date with accompanying commission.

I observe that it is couched in unusual terms in that it is made returnable at Victoria.

This novelty was, I believe, first suggested a few months ago, and immediately abandoned without discussion as soon ponted out by the judges.

There can be little doubt but that it is erroneous, the printed form itself shows that the variation is quite a recent suggestion and I am not aware what advantage is proposed to be obtained from it, or on what grounds it is now revived at the last moment before holding the Now Westminster assize.

I am not prepared to say at this moment what the effect of the innovation may be.

It cannot effect the statutary obligation to make returns to the Secretary of State at Ottawa.

It may invalidate the commission. All the expense of the assize will be thrown away and the prisoners would have to be tried over again. This would have to be decided on writ of error, and as four lives are at stake, it would probably be taken to the judicial committee involving vast expense and delay. I would suggest that at present, at least, there being really no time to consider the reasons for or the consequence of the change, a commission be issued in the form invariably adopted hitherto, and that any change in that form be left to be considered at leisure.

I am, &c.,
MATTHEW B. BEGBIE, C. J.

T. Elwyn, Esq., Dep. Provincial Secretary.

SUPREME COURT, B. C.,
MARCH 9th, 1880.

SIR—I have the honor to acknowledge the receipt of a commission of *oyer* and *terminer* returnable at Victoria in lieu of which I respectfully request that His Honor the Lieutenant-Governor may be pleased to issue a commission of *oyer* and *terminer* to the judges returnable at Ottawa as aforetime accustomed, all the judges having such grave doubts of the effect the proposed innovation may have on the validity of the first named commission, that where men's lives are, at as this moment, immediately at stake, they cannot conceal a sincere and conscientious anxiety that no change may be in the form of commission hitherto used until, at least, the conclusion of the impending assize at New Westminster and the return of honorable Attorney-General shall have given time for a full consideration of so important a subject.

I have the honor to be, sir,
your obedient servant,
HENRY P. PELLEW CREASE.

The hon. the Provincial Secretary.

Bb

Mr. Justice Crease to Provincial Secretary:

SUPREME COURT, March 10, 1880.

SIR—As I have not received a commission of *oyer* and *terminer* restored as requested in my letter of yesterday, to its ancient form, "returnable at Ottawa," I write to state that, rather than any failure of or impediment to justice should be attributed to the absence or inaction of any of the Supreme Court judges I shall be prepared, as either of my brother judges, if necessary, would have been, to proceed on Friday next to hold the assize at New Westminster.

Retaining, however, as I do, the grave doubts in common with them that I have already had the honor of expressing as to the error in the new commission, but having pointed it out and suggested the retention of the old form as the only safe course for the executive, especially where life is concerned, should any check in the administration of justice arise from acting under the new commission, I shall deem myself absolved from all responsibility whatever in respect to it.

I have the honor to be, sir, your obedient servant.

HENRY P. PELLEW CREASE.

C

Mr. Justice Gray to Provincial Secretary.

VICTORIA, B.C., March 10, 1880.

SIR—I have the honor to acknowledge your letter of the 9th inst. enclosing a commission of *oyer* and *terminer* and general gaol delivery differing in form from that hitherto used.

The attention of the Attorney General was called to a proposed similar alteration in the commission issued to me in November last for holding the Victoria assizes, which was thereupon abandoned and the old form resumed.

I have this morning been shown the views and suggestions made by the Chief Justice in his answer to you on this subject yesterday, in the tendency of which I fully agree.

Either of the judges will be prepared to hold the New Westminster Assizes and Mr. Justice Crease had actually embarked for that purpose and will doubtless go.

The responsibility of any failure of justice arising from such cause must, however, rest with those who make the change, and until the Attorney General, the constitutional adviser of the crown returns and has an opportunity of considering it, it would perhaps be better *stare super antiquas vias* rather than run the risk when human life is at stake.

You will please to communicate my answer to the Provincial Secretary.

I am, sir,
(Signed) J. H. GRAY,
Justice Supreme Court.

Thos. Elwyn, Esq., Deputy Provincial Secretary.

D

Provincial Secretary to the three Judges:

VICTORIA, B.C., March 11, 1880.

SIR—I have the honor to acknowledge the receipt of your letter of the 9th inst. relative to the subject of the commission of *oyer* and *terminer*.

I am to acquaint you that the committee of council are advised that "no commission from the Lieut.-Governor is necessary to entitle a Judge of the Supreme Court to hold a court for the trial of prisoners at New Westminster."

I am to add that the Lieut.-Governor in Council has in consequence cancelled the commission bearing date the 9th March, 1880.

I have the honor to be, sir, your obedient servant,

(Signed) T. B. HUMPHREYS,
Provincial Secretary.

The Hon. Sir Matthew B. Begbie, Chief Justice.

E.

The Chief Justice to the Provincial Secretary (after Mr. Justice Crease had left Victoria.)

COURT HOUSE, 12th March, 1880.

SIR,—I beg to acknowledge the receipt of your's of yesterday date.

I believe Mr. Justice Crease, unprovided with any commission of assize, or of oyer and terminer, or of gaol delivery, left this morning to hold the assizes at New Westminster. [Of course you are prepared for the contingency that the whole of the criminal trials, should any take place, will probably be questioned and possibly be held irregular and valueless.]

I wish to recall or expunge an expression in my letter to Mr. Elwyn of the 9th inst., viz.: "There can be little doubt but that it (*sic*) [the innovation,] is erroneous."

This expression of opinion will be seen to be contrary to the gist of the whole letter, and was merely due to my overhaste in answering on the moment Mr. Elwyn's letter of the 9th inst., Mr. Justice Crease being about to depart early on the (9th) 10th inst.

It escaped my attention until pointed out yesterday as being contradictory of the subsequent paragraph in the same letter, viz.: "I am not at this moment prepared to say what the effect of the innovation may be," and it is to this last statement that I wish, and that Mr. Justice Gray in his letter of yesterday's date (in which he refers to mine of the 9th inst.), wishes to adhere.

I have the honor to be, sir,
Your obedient servant,
MATT. B. BEGBIE, C.J.

F.

Mr. Justice Crease to the Acting-Attorney-General.

NEW WESTMINSTER, B. C.,
March 12th, 1880.

DEAR SIR,—I have come to this place in accordance with the terms of the hon. Provincial Secretary's letter of the 11th of March, which informs me that the Committee of Council are advised that no commission from the Lieut.-Governor is necessary to entitle a judge of the supreme court to hold a court for the trial of prisoners at New Westminster; and further, that the Lieut.-Governor-in-Council has, in consequence, cancelled the commissions bearing date the 9th March, 1880, which required the judges to report to Victoria, B. C., and without expressing an opinion as the soundness of the advice on which the Provincial government requires me to act, or assuming any responsibility resulting therefrom. I beg to state that rather than cause any obstruction to the administration of justice I am prepared to carry on the assize according to the arrangements of the Provincial government as indicated in the letter of the 11th inst.

I am, dear sir,
Yours, truly,
HENRY P. PELLEW CREASE.

NOTE.—This was delivered personally by the waiter at the Colonial Hotel to Mr. Eli Harrison, jr., at the Occidental.—H. P. P. Crease.

Cloth Jackets, Boys Linen Suits, Marcella, &c., Pelisses, Corsets, Parasols, Summer Skirts and Skirtings, Light Prints, &c., &c. THOS. WILSON & Co. *

CONTRADICTION.—My attention has been drawn to a notice in *The Colonist* to the effect that S. H. Glover conducted the business of the Commission Store, Johnson street, for 3½ years. S. H. Glover is under a mistake when he makes that assertion. When S. H. Glover came into my employ at the Commission Store, 3½ years ago, he knew no more about the clothing business than an apprentice boy. He had all to learn; therefore he was subject to my orders, and when he departed from that rule he was conducted out of the store on short notice. A. GILMORE. *

NEW DRY GOODS.—A. B. Gray & Co., Government street, have received per "Idaho" a large assortment of new goods embracing Veil Gossamers and Nets; Ladies' White Skirts in great variety; new styles Ribbons, Laces; wide English Prints @ 12½c.; Piquets 18¾c.; new Dress Goods, &c., &c. Prices right. 2w

Morning Dispatch.

ENGLAND.

LONDON, June 19.—In the House of Commons to-day Sir Wilfred Lawson's local option resolution giving to the inhabitants of any district the right of determining whether licenses to public houses shall be granted or not, and which has been rejected in several successive sessions, was adopted; 229 yeas to 203 nays. Gladstone and Lord Hartington voted against the bill, and Forster, Sir William Harcourt, Mr. Chamberlain and some other members of the government voted for it.

AUSTRIA.

VIENNA, June 17.—The answer of the Porte to the identical note is better than was anticipated as it accepts the decision of the powers and places itself on the same basis with them. There is, however, a reservation that mediation should not interfere with the free decisions of the Porte; but it was never expected that the Porte would submit before knowing the decision of the powers. The inference is that the action of the powers has not failed to produce some impression upon the Sultan as to the seriousness of his position.

TURKEY.

CONSTANTINOPLE, June 17.—It is stated that the Porte will not openly object to the decisions of the conference, but will not enforce them. Albanians on the Greek border are being urged to resist. Large supplies of arms and ammunition have been sent for distribution. The financial difficulties are increasing. Notwithstanding the scarcity of money constant additions are being made to the specie chest at the war office, supposed to be in anticipation of war with Greece. It is believed that Russia is secretly inspiring the Sultan with the idea of resistance. There can be no hope of Turkey accepting the advice of Europe while the influence of Osman Pasha and Said Pasha, who are simply Russian instruments, prevails.

Afternoon Dispatch.

ENGLAND.

LONDON, June 18.—A Berlin correspondent asserts that the plain fact is that Turkey defies Europe to carry out the decision of the conference by main force.

AUTTRIA.

VIENNA, June 19.—The *Political Correspondence* says that the Roumanian agent at Sophia has been instructed to demand from the Bulgarian government a categorical explanation relative to the withdrawal of a bill authorizing the naturalization of Bulgarians as Roumanians in Roumania territory. In case the explanation is unsatisfactory Roumania threatens a rupture of diplomatic relations.

TURKEY.

CONSTANTINOPLE, June 19.—On the arrival in the Dardanelles of an Italian vessel having on board the harem of the ex-khedive Ismael Pasha, the Sultan authorized the women to go to Chios or Lemnos, but the captain of the ship persisted that he had been chartered for Constantinople. The ship was allowed to come out of respect to the Italian flag, but the women will be transferred without landing and conveyed to Chios.

FRANCE.

PARIS, June 19.—Deputies of the republican left have decided by a vote of 48 to 13 to favor amnesty. The senators of the same party have taken similar action.

L'Union, replying to an article in the *Figaro*, acknowledges that royalists are collecting funds, but claims that the collections are only such as every political party requires and denies the existence of any conspiracy.

The chamber of deputies was to-day engaged in a discussion of the estimates of the ministry of foreign affairs. The cabinet council to-day determined as a basis for the amnesty a proposition that the amnesty will be plenary, except as regards crimes against common law previous to 1871. DeFreycinct, in reply to an interpellation upon the estimates, said that the Hartmann affair had in no way affected the excellent relations between France and Russia; that the policy of the government on the Greek question would be one of prudence, and that the government had entered into negotiations with the semi-official agent of the Mexican republic for the restoration of diplomatic relations between the two countries. The whole of the estimates were then adopted.

Gambetta, at a meeting of senators and deputies to discuss the amnesty question, said that in the provinces as in Paris public opinion has accepted amnesty as necessary. The conservative and republican papers of Paris are almost all pronounced for amnesty. Republican organs in the provinces also unanimously favor it. Four thousand amnestied persons are now in Paris and their quietness has refuted the fears expressed regarding the maintenance of order. Why shrink from amnestying a few persons? The government could be sure of their 120 adherents in the chamber of deputies. In this state of things it would be intemperate for the senate to impede the measure.

DELAYED DISPATCHES.

UNITED STATES.

BRATTLEBORO, V., June 18.—Waite, president of the First National bank, has disappeared. The bank has failed with liabilities exceeding $450,000 in consequence of Waite's forgeries, which prove to be enormous.

NORTH ADAMS, June 17.—A terrible scourge resembling dysentery is prevailing in Adams, and has, so far, baffled the skill of physiciads. Over a thousand persons, old and young, have been stricken down. There is little doubt that the epidemic is occasioned by the impurities of the water in the reservoirs.

DENVER, June 17.—Gov. Pitkin has advices from Leadville that a compromise has been agreed on between the strikers and mine owners.

DEADWOOD, June 17.—The grand jury to-day returned four indictments against County Treasurer Neil and County Commissioner Sackett, charging them with forgery, embezzlement, bribery and perjury.

NEW YORK, June 17.—Seymour has decided to accept the presidential nomination if tendered.

CALIFORNIA.

SAN FRANCISCO, June 16.—A counterfeit $100 note on Washington Exchange Bank of Baltimore, Md., has appeared.

Judge Ferrall to-day reduced Duncan's bail from $113,000 to $61,500. Of this, $40,500 has already been given, and there is strong probability that Duncan will be at liberty.

SAN FRANCISCO, June 16.—At a meeting of the Metropolitan Baptist church, Rev. I. S. Kalloch, pastor, last evening a preamble and resolutions were adopted strongly endorsing Kalloch. The resolutions say that members of the church had heard all the charges that had been made against their pastor; but his pure and exemplary life has proven them false; that his labors in behalf of his church and its prosperity under his care have earned for him the gratitude of every member of the congregation. Another resolution asserts that neither this church nor any member of it can be used for the purpose of creating any sentiment or unfavorable impression that may prejudice him or his son, our beloved brother, in any civil cases which may affect their reputation, their liberty or their lives.

The Vote on the $70,000 Loan.

The vote taken yesterday as to whether the sum of $70,000 should be borrowed on the credit of the city resulted in a most decided negative. The citizens entitled to vote were male or female adults who had been rated and assessed for real estate on the Real Estate Roll for 1880 and who had paid, ten days before voting, all the municipal rates and taxes due under the Revenue By-law, 1879. The polls closed at 5 p.m., shortly after which hour a special meeting of the City Council was held and the vote having been scrutinized was announced to be as follows:

	Yea	Nay
Yates Street Ward	34	59
Johnson Street Ward	33	115
James Bay Ward	49	82
Total	116	256

A majority, therefore, of 140 votes was cast against the loan.

After the result had been announced his Worship the Mayor said that he regretted the apathy that had shown on the question and he was sorry that the loan had not been sanctioned. Out of a total of 850 real estate owners who were entitled to vote only 372 had availed themselves of the privilege. He had for some time past been fully convinced that the loan would be defeated and one of the principal reasons for its defeat was the fact that voters were in doubt as to who would be entrusted with the expenditure of the money. It was assumed that the next Council would be elected by road tax payers, but he believed if the real estate owners would take a sufficient interest in the matter they would be able to return men who would expend the corporation funds wisely. He had felt that it was the duty of the Council to submit some such proposition as that which had just been defeated to the public.

The record of the vote having been adopted the Council adjourned.

THE Heyman, Marriner-Campbell concert combination, after fulfilling a very successful but brief engagement in this city, left yesterday morning for Portland where, on Saturday next, they will give an entertainment for the benefit of the Ladies' Relief Society. The company are so favorably impressed with this city and the reception accorded them, that it is highly probable they will return 'ere long.

ESQUIMALT REGATTA.—Last evening an adjourned meeting was held at the schoolroom, Esquimalt, for making the necessary arrangements for a regatta on Coronation Day, June 28th. The meeting was well attended, and Capt. Markham has kindly promised to give his hearty cooperation. The following gentlemen were appointed to receive subscriptions: Wm. Young, John Harman, Lewis Wilton and A. Keast.

THERE was a lively scene in the Montreal Court of Special Sessions on the 8th inst. when the Crown prosecutor charged F. B. McNamee, the contractor for the Esquimalt drydock, with collusion in the sudden disappearance of his witness. The service of the police was required to preserve order, and at one time a riot was imminent. Mr. McNamee was subsequently committed to gaol for ten days for contempt of court.

ANGLICAN MISSION.—Right rev. Bishop Ridley came down by the Otter. He has travelled extensively along the coast since leaving here, visiting the Indian tribes and making arrangements for the establishment of missions amongst them. At Alert Bay a schoolhouse and dwellinghouse are in course of construction.

FROM PUGET SOUND.—The steamer Geo. E. Starr arrived here at 2 p.m. yesterday from Port Townsend with the overland mails, 30 tons of miscellaneous freight and some 25 passengers.

Municipal Police Court.

[Before Hon. A. E. Pemberton.]

MONDAY, June 21st.

Alfred Raper, arrested on a warrant and charged having at Nanaimo embezzled certain goods and monies to the value of $2000 and upwards, the property of A. B. Gray.

The hearing of this case was adjourned until Thursday at noon, defendant being admitted to bail in the sum of $3000 and two sureties of $1500 each.

Auguste Sherrer, charged with assaulting constable Black with intent to do him grievous bodily harm.

Constable Black deposed that between 12 and 1 o'clock in the morning whilst he was on duty he heard cries of "help" coming from the direction of the direction of the corner of Douglas and View streets; he proceeded to that locality and saw two men running towards Fort street; he gave chase and overtook one who had fallen in the street; the man was the prisoner's brother; he took him back to the saloon and shortly afterwards the prisoner came back; after entering the prisoner rushed at Taylor, the proprietor of the saloon and taking hold of him by the throat knocked his head against a brick wall saying "you — — —— I'll finish you." Witness interfered; and by using his baton freely succeeded in taking the prisoner away from Taylor; after taking him outside the prisoner became very violent and kicked the witness severely in various parts of the body; whilst the prisoner was assaulting the witness the brother who had been in the saloon came out and also commenced kicking the witness; officer O'Connor then came along and with his assistance the prisoner was taken to gaol.

Officer O'Connor testified that between 12 and 1 o'clock in the morning he was on duty and heard shouting near the corner of View and Douglas streets; he proceeded to that locality and on reaching Taylor's saloon saw the prisoner without a hat; he said he was going in to get his hat and immediately after he went in witness heard a disturbance inside; several men came rushing out—the prisoner and Constable Black together; the prisoner had Black by the throat and kicked him in the legs and groin and said "You —— —— —— I'll choke you;" witness seized hold of him and told him to beware, that he was striking a constable; witness also told him that he was a police officer and arrested him; prisoner kicked Black again after that; took the prisoner to the gaol.

To the Supt. of Police—The prisoner was attempting to kick Black in a vital part and had it not been for me he would have disabled him for life.

Thos. Taylor, proprietor of the saloon, testified that the prisoner and his brother came into the saloon at about midnight and called for drinks for which the prisoner put down a $10 bill; witness said he had no change and the prisoner picked up the note and put in his pocket again; subsequently prisoner accused witness of having taken the note; words ensued and prisoner knocked witness down, attempted to choke him and put his hand in his pocket several times; a cry of police was then raised and the prisoner and his brother ran away, constable Black being in pursuit; the prisoner afterwards returned and assaulted witness again when Black interfered; witness saw the prisoner kick Black a number of times.

Ignace Sherrer, brother of the prisoner, was then tried on a charge of assaulting constable Black whilst in the execution of his duty.

Both the prisoners were committed for trial, the evidence in the latter case being almost similar to that in the former.

On a charge of assaulting Taylor the prisoner Auguste Sherrer was fined $20.

From the Northwest Coast.

The H. B. Co.'s steamer Otter, Capt. Gardiner, arrived early on Sunday morning from the northwest coast, Queen Charlotte Islands and the east coast of Vancouver Island. She brought 20 passengers and a quantity of fish, furs and oils and ten tons of marble from the Beaver Cove quarry. A large and beautiful piece of marble for the Sir James Douglas memorial column will be brought down next trip. Salmon of the largest and finest varieties are being taken at Inverness and a great many cases will be put up this season. Amongst the passengers are Bishop Ridley, Captain Brunidge and Mr. J. Hunter.

ACCIDENT.—Yesterday afternoon whilst the steamship Hylton Castle was discharging cargo at the Hudson Bay Co.'s wharf the slings struck the second steward and knocked him down the hatch-way. The unfortunate man sustained a severe fracture to his skull and was conveyed to the Royal Hospital where he was attended to by Drs. Helmcken and Matthews.

ROBBERY.—The *Express* of Steilacoom records the robbery of $2560 from Mrs. Louise Goodtime, a milliner, by her nephew, who was followed and arrested and $2400 of the stolen money found in his pockets.

BEAVER COVE MARBLE CO.—The beautiful specimens of marble brought by the Otter from Beaver Cove are exciting much attention. The quality is pronounced first-class—equal to the best Italian.

Mr. J. P. GOODHUE left here yesterday morning to attend the annual meeting of the Grand Lodge of the A. O. U. W. now in session at Astoria.

THE captain and officers of the Japanese man-of-war will entertain a number of citizens on board to-day.

Steamship Arrivals.

The steamship Hylton Castle, Capt. Bauman, 4 days from San Francisco, arrived at 12 o'clock Sunday night. She brought 95 tons of freight for Victoria consignees, 150 tons railway freight for Yale and a few tons for Nanaimo. The captain reports heavy N. W. winds the entire passage. The Hylton Castle left port last evening for New Westminster and will return to San Francisco *via* Departure Bay and Victoria with coal.

The steamship Victoria, Capt. Hayward, arrived here at noon yesterday from San Francisco having on board 165 tons of freight and 70 passengers for this place and 140 tons for New Westminster. She left San Francisco at half-past 2 o'clock on Thursday afternoon and when off Cape Blanco passed the ship Challenger and the steamer Empire bound down. She leaves for New Westminster at half-past 2 o'clock this morning.

SANS COMMISSION.

Interesting Correspondence.

The Provincial Secretary to Mr. Justice Crease (and each of the other judges with triplicate commissions).

VICTORIA, B. C., March 9th, 1880.

NOTE.—This and the commission were actually delivered on the 8th March to the Chief Justice, I and Gray J. absent. —HENRY P. P. CREASE.

Sir—I am instructed by the Hon. the Provincial Secretary to forward you the enclosed commissions signed by His Honor the Lieutenant-Governor this day.

I have the honor to be, sir,
Your obedient servant,
T. ELWYN,
Dept. Provincial Secretary.

The Hon. Mr. Justice Crease.

A

The Chief Justice to Provincial Secretary.

MARCH 9th, 1880.

SIR—I have to acknowledge the receipt of your letter of this date with accompanying commission.

I observe that it is couched in unusual terms in that it is made returnable at Victoria.

This novelty was, I believe, first suggested a few months ago, and immediately abandoned without discussion as soon ponted out by the judges.

There can be little doubt but that it is erroneous, the printed form itself shows that the variation is quite a recent suggestion and I am not aware what advantage is proposed to be obtained from it, or on what grounds it is now revived at the last moment before holding the Now Westminster assize.

I am not prepared to say at this moment what the effect of the innovation may be.

It cannot effect the statutary obligation to make returns to the Secretary of State at Ottawa.

It may invalidate the commission. All the expense of the assize will be thrown away and the prisoners would have to be tried over again. This would have to be decided on writ of error, and as four lives are at stake, it would probably be taken to the judicial committee involving vast expense and delay. I would suggest that at present, at least, there being really no time to consider the reasons for or the consequence of the change, a commission be issued in the form invariably adopted hitherto, and that any change in that form be left to be considered at leisure.

I am, &c.,
MATTHEW B. BEGBIE, C. J.

T. Elwyn, Esq., Dep. Provincial Secretary.

Mr. Justice Crease to Provincial Secretary.

SUPREME COURT, B. C.,
MARCH 9th, 1880.

SIR—I have the honor to acknowledge the receipt of a commission of *oyer* and *terminer* returnable at Victoria in lieu of which I respectfully request that His Honor the Lieutenant-Governor may be pleased to issue a commission of *oyer* and *terminer* to the judges returnable at Ottawa as aforetime accustomed, all the judges having such grave doubts of the effect the proposed innovation may have on the validity of the first named commission, that where men's lives are, at as this moment, immediately at stake, they cannot conceal a sincere and conscientious anxiety that no change may be in the form of commission hitherto used until, at least, the conclusion of the impending assize at New Westminster and the return of honorable Attorney-General shall have given time for a full consideration of so important a subject.

I have the honor to be, sir,
your obedient servant,
HENRY P. PELLEW CREASE.

The hon. the Provincial Secretary.

Bb

Mr. Justice Crease to Provincial Secretary:

SUPREME COURT, March 10, 1880.

SIR—As I have not received a commission of *oyer* and *terminer* restored as requested in my letter of yesterday, to its ancient form, "returnable at Ottawa," I write to state that, rather than any failure of or impediment to justice should be attributed to the absence or inaction of any of the Supreme Court judges I shall be prepared, as either of my brother judges, if necessary, would have been, to proceed on Friday next to hold the assize at New Westminster.

Retaining, however, as I do, the grave doubts in common with them that I have already had the honor of expressing as to the error in the new commission, but having pointed it out and suggested the retention of the old form as the only safe course for the executive, especially where life is concerned, should any check in the administration of justice arise from acting under the new commission, I shall deem myself absolved from all responsibility whatever in respect to it.

I have the honor to be, sir, your obedient servant.

HENRY P. PELLEW CREASE.

C

Mr. Justice Gray to Provincial Secretary.

VICTORIA, B.C., March 10, 1880.

SIR—I have the honor to acknowledge your letter of the 9th inst. enclosing a commission of *oyer* and *terminer* and general gaol delivery differing in form from that hitherto used.

The attention of the Attorney General was called to a proposed similar alteration in the commission issued to me in November last for holding the Victoria assizes, which was thereupon abandoned and the old form resumed.

I have this morning been shown the views and suggestions made by the Chief Justice in his answer to you on this subject yesterday, in the tendency of which I fully agree.

Either of the judges will be prepared to hold the New Westminster Assizes and Mr. Justice Crease had actually embarked for that purpose and will doubtless go.

The responsibility of any failure of justice arising from such cause must, however, rest with those who make the change, and until the Attorney General, the constitutional adviser of the crown returns and has an opportunity of considering it, it would perhaps be better *stare super antiquas vias* rather than run the risk when human life is at stake.

You will please to communicate my answer to the Provincial Secretary.

I am, sir,
(Signed) J. H. GRAY,
Justice Supreme Court.

Thos. Elwyn, Esq., Deputy Provincial Secretary.

D

Provincial Secretary to the three Judges:

VICTORIA, B.C., March 11, 1880.

SIR—I have the honor to acknowledge the receipt of your letter of the 9th inst. relative to the subject of the commission of *oyer* and *terminer*.

I am to acquaint you that the committee of council are advised that "no commission from the Lieut.-Governor is necessary to entitle a Judge of the Supreme Court to hold a court for the trial of prisoners at New Westminster."

I am to add that the Lieut.-Governor in Council has in consequence cancelled the commission bearing date the 9th March, 1880.

I have the honor to be, sir, your obedient servant,
(Signed) T. B. HUMPHREYS,
Provincial Secretary.

The Hon. Sir Matthew B. Begbie, Chief Justice.

E.

The Chief Justice to the Provincial Secretary (after Mr. Justice Crease had left Victoria.)

COURT HOUSE, 12th March, 1880.

SIR,—I beg to acknowledge the receipt of your's of yesterday date.

I believe Mr. Justice Crease, unprovided with any commission of assize, or of oyer and terminer, or of gaol delivery, left this morning to hold the assizes at New Westminster. [Of course you are prepared for the contingency that the whole of the criminal trials, should any take place, will probably be questioned and possibly be held irregular and valueless.]

I wish to recall or expunge an expression in my letter to Mr. Elwyn of the 9th inst., viz.: "There can be little doubt but that it (*sic*) [the innovation,] is erroneous."

This expression of opinion will be seen to be contrary to the gist of the whole letter, and was merely due to my overhaste in answering on the moment Mr. Elywn's letter of the 9th inst., Mr. Justice Crease being about to depart early on the (9th) 10th inst.

It escaped my attention until pointed out yesterday as being contradictory of the subsequent paragraph in the same letter, viz.: "I am not at this moment prepared to say what the effect of the innovation may be," and it is to this last statement that I wish, and that Mr. Justice Gray in his letter of yesterday's date (in which he refers to mine of the 9th inst.), wishes to adhere.

I have the honor to be, sir,
Your obedient servant,
MATT. B. BEGBIE, C.J.

F.

Mr. Justice Crease to the Acting-Attorney-General.

NEW WESTMINSTER, B. C.,
March 12th, 1880.

DEAR SIR,—I have come to this place in accordance with the terms of the hon. Provincial Secretary's letter of the 11th of March, which informs me that the Committee of Council are advised that no commission from the Lieut.-Governor is necessary to entitle a judge of the supreme court to hold a court for the trial of prisoners at New Westminster; and further, that the Lieut.-Governor-in-Council has, in consequence, cancelled the commissions bearing date the 9th March, 1880, which required the judges to report to Victoria, B. C., and without expressing an opinion as the soundness of the advice on which the Provincial government requires me to act, or assuming any responsibility resulting therefrom. I beg to state that rather than cause any obstruction to the administration of justice I am prepared to carry on the assize according to the arrangements of the Provincial government as indicated in the letter of the 11th inst.

I am, dear sir,
Yours, truly,
HENRY P. PELLEW CREASE.

NOTE.—This was delivered personally by the waiter at the Colonial Hotel to Mr. Eli Harrison, jr., at the Occidental.—H. P. P. Crease.

CONTRADICTION.—My attention has been drawn to a notice in *The Colonist* to the effect that S. H. Glover conducted the business of the Commission Store, Johnson street, for 3½ years. S. H. Glover is under a mistake when he makes that assertion. When S. H. Glover came into my employ at the Commission Store, 3½ years ago, he knew no more about the clothing business than an apprentice boy. He had all to learn; therefore he was subject to my orders, and when he departed from that rule he was conducted out of the store on short notice. A. GILMORE. *

Morning Dispatch.

ENGLAND.

LONDON, June 19.—In the House of Commons to-day Sir Wilfred Lawson's local option resolution giving to the inhabitants of any district the right of determining whether licenses to public houses shall be granted or not, and which has been rejected in several successive sessions, was adopted; 229 yeas to 203 nays. Gladstone and Lord Hartington voted against the bill, and Forster, Sir William Harcourt, Mr. Chamberlain and some other members of the government voted for it.

AUSTRIA.

VIENNA, June 17.—The answer of the Porte to the identical note is better than was anticipated as it accepts the decision of the powers and places itself on the same basis with them. There is, however, a reservation that mediation should not interfere with the free decisions of the Porte; but it was never expected that the Porte would submit before knowing the decision of the powers. The inference is that the action of the powers has not failed to produce some impression upon the Sultan as to the seriousness of his position.

TURKEY.

CONSTANTINOPLE, June 17.—It is stated that the Porte will not openly object to the decisions of the conference, but will not enforce them. Albanians on the Greek border are being urged to resist. Large supplies of arms and ammunition have been sent for distribution. The financial difficulties are increasing. Notwithstanding the scarcity of money constant additions are being made to the specie chest at the war office, supposed to be in anticipation of war with Greece. It is believed that Russia is secretly inspiring the Sultan with the idea of resistance. There can be no hope of Turkey accepting the advice of Europe while the influence of Osman Pasha and Said Pasha, who are simply Russian instruments, prevails.

Afternoon Dispatch.

ENGLAND.

LONDON, June 18.—A Berlin correspondent asserts that the plain fact is that Turkey defies Europe to carry out the decision of the conference by main force.

AUTTRIA.

VIENNA, June 19.—The *Political Correspondence* says that the Roumanian agent at Sophia has been instructed to demand from the Bulgarian government a categorical explanation relative to the withdrawal of a bill authorizing the naturalization of Bulgarians as Roumanians in Roumania territory. In case the explanation is unsatisfactory Roumania threatens a rupture of diplomatic relations.

TURKEY.

CONSTANTINOPLE, June 19.—On the arrival in the Dardanelles of an Italian vessel having on board the harem of the ex-khedive Ismael Pasha, the Sultan authorized the women to go to Chios or Lemnos, but the captain of the ship persisted that he had been chartered for Constantinople. The ship was allowed to come out of respect to the Italian flag, but the women will be transferred without landing and conveyed to Chios.

FRANCE.

PARIS, June 19.—Deputies of the republican left have decided by a vote of 48 to 13 to favor amnesty. The senators of the same party have taken similar action.

L'Union, replying to an article in the *Figaro*, acknowledges that royalists are collecting funds, but claims that the collections are only such as every political party requires and denies the existence of any conspiracy.

The chamber of deputies was to-day engaged in a discussion of the estimates of the ministry of foreign affairs. The cabinet council to-day determined as a basis for the amnesty a proposition that the amnesty will be plenary, except as regards crimes against common law previous to 1871. DeFreycinet, in reply to an interpellation upon the estimates, said that the Hartmann affair had in no way affected the excellent relations between France and Russia; that the policy of the government on the Greek question would be one of prudence, and that the government had entered into negotiations with the semi-official agent of the Mexican republic for the restoration of diplomatic relations between the two countries. The whole of the estimates were then adopted.

Gambetta, at a meeting of senators and deputies to discuss the amnesty question, said that in the provinces as in Paris public opinion has accepted amnesty as necessary. The conservative and republican papers of Paris are almost all pronounced for amnesty. Republican organs in the provinces also unanimously favor it. Four thousand amnestied persons are now in Paris and their quietness has refuted the fears expressed regarding the maintenance of order. Why shrink from amnestying a few persons? The government could be sure of their 120 adherents in the chamber of deputies. In this state of things it would be intemperate for the senate to impede the measure.

DELAYED DISPATCHES.

UNITED STATES.

BRATTLEBORO, V., June 18.—Waite, president of the First National bank, has disappeared. The bank has failed with liabilities exceeding $450,000 in consequence of Waite's forgeries, which prove to be enormous.

NORTH ADAMS, June 17.—A terrible scourge resembling dysentery is prevailing in Adams, and has, so far, baffled the skill of physiciads. Over a thousand persons, old and young, have been stricken down. There is little doubt that the epidemic is occasioned by the impurities of the water in the reservoirs.

DENVER, June 17.—Gov. Pitkin has advices from Leadville that a compromise has been agreed on between the strikers and mine owners.

DEADWOOD, June 17.—The grand jury to-day returned four indictments against County Treasurer Neil and County Commissioner Sackett, charging them with forgery, embezzlement, bribery and perjury.

NEW YORK, June 17. — Seymour has decided to accept the presidential nomination if tendered.

CALIFORNIA.

SAN FRANCISCO, June 16.—A counterfeit $100 note on Washington Exchange Bank of Baltimore, Md., has appeared.

Judge Ferrall to-day reduced Duncan's bail from $113,000 to $61,500. Of this, $40,500 has already been given, and there is strong probability that Duncan will be at liberty.

SAN FRANCISCO, June 16.—At a meeting of the Metropolitan Baptist church, Rev. I. S. Kalloch, pastor, last evening a preamble and resolutions were adopted strongly endorsing Kalloch. The resolutions say that members of the church had heard all the charges that had been made against their pastor; but his pure and exemplary life has proven them false; that his labors in behalf of his church and its prosperity under his care have earned for him the gratitude of every member of the congregation. Another resolution asserts that neither this church nor any member of it can be used for the purpose of creating any sentiment or unfavorable impression that may prejudice him or his son, our beloved brother, in any civil cases which may affect their reputation, their liberty or their lives.

PROPOSED LOAN FOR WATER WORKS PURPOSES.

THE MAYOR AND COUNCIL BEG to place before the Ratepayers the scheme of the Water Works Engineer for putting the City Water Works in a complete condition.

To carry out the work a loan of $70,000 is necessary, and the following particulars place the matter as clearly as possible before the Ratepayers for their judgment thereon. Should the loan be effected and the work carried out the increase in water rents resulting therefrom will be about 20 per cent. This increase within two years will be ample to meet the amount annually required for interest and sinking fund of the loan. The Water Works at present are heavily indebted to the City for amounts taken from general revenue for reconstruction of the head works. This expenditure was necessary in order to continue the present supply of water and to prevent the entire destruction of the previously constructed works at Beaver Lake. The said expenditure has absorbed nearly the whole of the surplus revenue of the City for the current year, and should it not be repaid by means of a loan further works on streets will be impossible without increased taxation. The loan of $70,000 is intended to carry out the scheme of the Water Works Engineer and to repay to the general revenue for public works the amount already expended at the dam and elsewhere, which is nearly $15,000.

The Ratepayors are referred to the Engineer's report published in *The Colonist* on March 28th and to the following scheme.

CITY HALL, 22nd March, 1880.

To His Worship the Mayor and Municipal Council.

GENTLEMEN,—In compliance with the resolutions requesting me to draught a scheme for the extension of mains and a better supply of water for the high levels of the City, I have the honor to report that after taking into consideration the probable large increase of population, and to guard against the necessity of being compelled to enlarge the main conduit pipe for many years,

I would suggest that it will be necessary to adopt the principle of a high and low service reservoir as I find that the high service reservoir to be effective must be constructed at an elevation above the level of the water in Elk Lake, and in order to obtain the delivery of the greatest quantity of water in the City and to effectively supply the high levels I would suggest that the 11 inch main be extended from Douglas street along Pandora street, say to the neighborhood of the Royal Hospital, as that would give an elevation of 135 feet above high water mark sufficiently high to supply all the thickly populated parts of the City.

A reservoir built at the point suggested would have the following advantages: The level of the water in the reservoir would be 58 feet below the level of the water in Elk Lake, and 48 feet will be available for the delivery of water from the above source which will give a theoretical delivery of 37,000 gallons per hour; running continually will give a supply sufficient for a population of 30,000 inhabitants allowing 25 gallons per head per day and by discharging 37,000 gallons per hour 10 feet above the level of the water in Reservoir and by causing it to pass through a hydraulic engine it will develop sufficient power to raise 3,000 gallons per hour through a 6 inch pipe into the high service reservoir which may be built on the high rock at the top of Fort street, at an elevation of 200 feet above high water mark, or 8 feet above the level of the water in Elk Lake, and that quantity would be sufficient for a population of 3,000 inhabitants. It is intended that there will be no connection between the service pipes of high and low service reservoirs except in case of fire. As to size of reservoirs required, I would suggest that the low service reservoir be built to hold 1,500,000 gallons, or, say, 140 feet square and 12 feet deep, and the high service one to hold 60,000 gallons, or, say, 30 feet square and 12 feet deep; and while selecting the best plan for the construction of said reservoirs I may add that in all well regulated cities it is an established principle that in building reservoirs to contain water for domestic use they should be built so as to be able to contain the greatest quantity of water in the smallest possible area and covered so as to exclude the light, as light is very injurious to water stored in a reservoir and intended for domestic use; and to carry out that principle I propose to build the reservoirs by blasting out 4 feet of the rock and using the rock provided by that means for building the balance of the wall, which would be 8 feet high, and that will make the reservoir 12 feet deep, the roof to be supported by cast iron columns. The cost of carrying out and completing the above scheme will not exceed $50,000, to which must be added $10,000 which will be required to complete the filter beds; but should you see fit to adopt the proposed scheme I am prepared to furnish you detailed plans and specifications for the same.

In conclusion I may add that I am aware that it is generally accepted as a fact that there is a natural reservoir at the head of Fort street and that there is nothing to do but to turn the water into it; but I find that to attempt to carry the water to one common reservoir that would partially supply the high levels the difference between the level of the water in reservoir and level of water in Elk Lake is so small, being only 25 feet, the difference in the quantity of water delivered in the city by comparison would be to one common reservoir at the high level, *but not sufficiently high to be effective for all the buildings*, and from a head of 25 feet the main conduit pipe will deliver 23,000 gallons per hour, and by the proposed scheme from a head of 48 feet the main conduit pipe will deliver 37,000 per hour, 3,000 o which will be effective for the highes buildings on the high levels, while the r would also be a saving in pipe as well a a more effective pressure on the city ma in in case of fire. I am aware that Gold stream has still some advocates who believe that the supply should have been obtained from that source; but without stopping to discuss that point I may say that, from whatever source the supply is obtained, the proposed scheme is equally required by all.

Respectfully submitted.

(Signed) ALEX. HENDRY,
Supt. and Engineer.

8. That this Bylaw shall take effect and come into operation upon the 1st day of July, A. D. 1880.

Come ye citizens and strangers,
Miners, sailors and Western rangers,
Listen to the truthful story,
Of Frank Campbell of Victoria.
He in truthful words will tell you
Just the goods he has to sell you.
Mind ye now he isn't joking,
If you are fond of chewing and smoking,
Or if you are given to snuffing,
What he keeps does not need puffing.
He has brands will suit you really,
Tobacco users prize them dearly;
From all parts of the "Old Dominion"
He has stock, and his opinion
Is that none can suit you better
They will please you to the letter.
His Cigars, just from 'Ha vana,'
Smoke in the most lovely manner;
Meerschaum pipes of style and fashion
Just to suit each taste and passion;
And it is in Canada stated,
His Tobaccos are celebrated;
Green Seal, Straight Cut, all go,
Big Lick, Big Cut, Wind Sap, also
All the Fine Cut Brands for chewing
That your teeth will never ruin;
Pipes to suit the inveterate smoker
Cards for playing sinch or poker,
Pipes of briar and stems of cherry
More than any man can carry;
It would take a week to tell you
All the things he has to sell you,
While in town you may be stopping
At the "Adelphi Corner" drop in;
Campbell you'll find at that location
Ready to give you information,
Or to see you well provided,
With what is by all decided,
The smoker's and the chewer's glory

DR. J. COLLIS BROWNE'S

(Ex Army Medical Staff.)

CHLORODYNE

IS THE ORIGINAL AND ONLY GENUINE.

CAUTION.—Vice-Chancellor Sir W. P. Wood stated that Dr J. COLLIS BROWNE was undoubtedly the inventor of CHLORODYNE; that the story of the defendant, Freeman, being the inventor was deliberately untrue, which he regretted had been sworn to. Eminent hospital physicians of London stated that Dr. J. Collis browne was the discoverer of Chlorodyne; that they prescribe it largely, and mean no other than Dr. Browne's.—See *Times*, July, 12, 1864.

The Public, therefore, are cautioned against using any other than

DR. J. COLLIS BROWNE'S CHLORODYNE.

REMEDIAL USES AND ACTION.

This invaluable remedy produces quiet, refreshing sleep, relieves pain, calms the system, restores the deranged functions, and stimulates healthy action of the secretions of the body, without creating any of those unpleasant results attending the use of opium. Old and young may take it at all hours and times when requisite. Thousands of persons testify to its marvellous good effects and wonderful cures, while medical men extol its virtues most extensively.

CHLORODYNE is admitted by the profession to be the most wonderful and valuable remedy ever discovered.

CHLORODYNE is the best remedy known for coughs, consumption, bronchitis, asthma.

CHLORODYNE effectually checks and arrests those too often fatal diseases—diphtheria, fever, croup, ague.

CHLORODYNE acts like a charm in diarrhœa and is the only specific in cholera and dysentery.

CHLORODYNE effectually cuts short all attacks of epilepsy, hysteria, palpitations and spasms.

CHLORODYNE is the only palliative in neuralgia, rheumatism, gout, cancer, toothache, meningitis, &c.

EXTRACTS FROM MEDICAL OPINIONS.

The Right Hon. Earl Russell communicated to the College of Physicians and J. T. Davenport, that he had received information to the effect that the only remedy of any service in Cholera was CHLORODYNE. *See Lancet*, Dec. 31, 1864.

From A. Montgomery, Esq., late Inspector of Hospitals, Bombay.—"CHLORODYNE is a most valuable remedy in Neuralgia, Asthma, and Dysentery. To it I fairly owe my restoration to health, after eighteen months' severe suffering, and when other remedies had failed."

Dr. Lowe, Medical Missionary in India, reports [December, 1865] that in nearly every case of Cholera in which Dr. J. COLLIS BROWNE'S CHLORODYNE was administered, the patient recovered.

Extract from the General Board of Health, London, as to its efficacy in Cholera.—"So strongly are we convinced of the immense value of this remedy, that we cannot too forcibly urge the necessity of adopting it in all cases."

See leading article, *Pharmaceutical Journal*, Aug. 1, 1860, which states that Dr. J. Collis Browne was the inventor of Chlorodyne; that it is always right to use his preparation when Chlorodyne is ordered.

CAUTION.—None genuine without the words "DR J. COLLIS BROWNE" on the Government Stamp. Overwhelming medical testimony accompanies each bottle.
